

# Deputy Marine Operations Manager/Pilot

**The Port of Cromarty Firth is a leading Trust Port and a powerhouse of the Highland economy. Having served the region and Scotland for over four decades, generating £275 million annually to the economy and supporting high value and exciting employment in the area.**

Our success to date has been achieved by embracing new industries and enhancing our infrastructure, to capitalise on opportunities and growth markets. As a result we have an immediate need for a Deputy Marine Operations Manager/Pilot.

Based in Invergordon, you'll work within the marine operations team planning & managing marine operations. You will be responsible for daily management of Port Radio & the Pilotage Services, including training towards Class 1 licence, and providing out-of-hours marine management & emergency response. In addition you'll support & work with colleagues across the business in project planning, reviewing procedures, policies, plans and data to ensure marine operations are undertaken in full compliance with Port Marine Safety Code.

To apply, please submit a CV and covering letter stating your reasons for applying and why you are suitable for the role to [recruitment@pocf.co.uk](mailto:recruitment@pocf.co.uk) Closing date: 21 October 2024

We reserve the right to close this vacancy earlier than the advertised closing date if we receive a high volume of suitable applications. Therefore, we encourage you to apply early.

## About you:

- STCW II/2 (Masters unlimited) Certificate of Competency – applicants with lesser qualifications may be considered based on relevant experience.
- Previous pilotage experience (desirable)
- UK Harbourmaster Certificate (desirable)
- Valid ENG1 (or equivalent)
- Excellent verbal and written communication skills
- Proven people management experience
- A great team player, being flexible and adaptable, attention to detail, and having drive and ambition.
- Desirable Qualities - Experience in Emergency planning – Exercise and Incident planning.
- MCA Oil Spill Contingency certification
- Knowledge of management systems/CRM/SharePoint (desirable)

## The successful candidate will benefit from:

- Competitive salary
- Training and development
- Some of our benefits include: Pension, Healthcare, Life Assurance, EAP, Holidays, & non-contractual bonus.
