

Aberdeen
Harbour

Aberdeen Harbour is Europe's premier marine support centre for the oil and gas industry and the main commercial port serving North-East Scotland.

The Harbour is also a lifeline ferry port and has shipping connections to 40 countries. Every day, the port deals with high levels of activity and is currently engaged in a £350 million expansion project. The completed Aberdeen South Harbour is due to open in 2020.

We are looking for a **Deputy Operations Manager** to join the Aberdeen Harbour Board. The main purpose of this role is to support the Operations Manager in the smooth and efficient running of the port, while ensuring the port's safety processes are fully up-to-date.

This is a key role within the Harbour and reports directly to the Operations Manager.

Applicants will be required to demonstrate a range of associated skills and attributes needed for this level of management, including communications, time management and customer focus.

Aberdeen Harbour Board is committed to equality of opportunity and encourages a diverse range of applicants, and to the principle of appointments based on merit. We apply openness and transparency of process.
